WE'RE GOING THE EXTRA MILE.

Let's set sail together — safer than ever.

Throughout our storied history at Norwegian Cruise Line, the health and well-being of every guest and crew member have been our number one priority. With this in mind, and especially during these unchartered times, we are ever-evolving our already robust safe cruising program. Our enhanced health & safety programs are just the start of a wave of new technologies and enhancements we're rolling out both on board and on shore. We look forward to welcoming you back soon, so that you can explore the world with the ultimate Peace of Mind.

ENHANCED SCREENING PROTOCOLS

All guests and crew will undergo an extensive preembarkation health screening. There will be touchless temperature checks and continuous monitoring of guests and crew throughout your voyage.

ALL-NEW AIR FILTRATION

Installation of medical-grade air-filters, H13 HEPA, that remove 99.95% of airborne pathogens to ensure the air you breathe is clean. H13 HEPA filters are fine enough to catch particles of COVID-19.

INCREASED SANITATION MEASURES

All ships are thoroughly cleaned and disinfected prior to every voyage in accordance with company protocols, which are developed in partnership with CDC's Vessel Sanitation Program. Our 24/7 prevention schedule will feature continuous disinfection of public areas and hightraffic touch points.

RESPONSIBLE SOCIAL DISTANCING

Guest capacity on board and in public areas will be reduced. In addition, staggered embarkation and check-in process will be implemented for responsible social distancing.

ENHANCED MEDICAL RESOURCES

Onboard medical centers will be fully equipped with the latest testing kits and medical supplies, including onboard testing for COVID-19. We are increasing our medical team fleetwide, and we're adding a new dedicated Public Health Officer on every ship.

EXTENDED SHIP TO SHORE SAFETY

We're partnering with our local destinations and tour operators to ensure safety measures extend shoreside. We will only visit safe, open ports of call which may cause changes to your itinerary. Keeping our guests up-to-date with the latest confirmed changes is a top priority.
