

Dear Valued Travel Advisor,

We know your clients are starting to plan again for their next getaway, which is why we are excited to share how Club Med is prepared to make their next vacation as safe as it is unforgettable.

We have gathered an International Scientific Committee of specialized doctors and professors to bring you ***Safe Together***, a series of resort-wide health and safety measures, ensuring a safe reopening of our resorts starting with **Club Med Sandpiper Bay in Florida on June 12th**.

We are fully prepared to welcome your clients with **elevated hygiene protocols** and housekeeping standards, and **safe distancing** at every step of their vacation experience. We will **reduce resort capacity**, incorporate **temperature checks**, increase **sanitization**, expand digital services to limit lines, and much more. Please visit our new Safe Together page on [ClubMedTA.com](https://www.clubmed.com/ClubMedTA.com) for more information.

Our goal is to make every Club Med experience as seamless, and as safe, as possible. We can't wait to welcome you and your clients back again soon!

Sincerely,  
Your Club Med Sales Team

DISCOVER SAFE TOGETHER

WHAT CLIENTS CAN EXPECT WHEN THEY TRAVEL

A Safe Welcome at Reception

Well Trained Staff

Adapted Childcare

High Frequency Sanitizing

**Book with Peace of Mind**

Allow your clients' dreams of faraway beaches and picturesque locations to come true by booking their next adventure with peace of mind.
