

Book with Confidence is our exclusive member benefit that helps clients increase their confidence in travel during COVID-19 by giving them the information needed to make informed, comfortable vacation choices before, during and after their travels.

The program has 3 components:

- **The Vacation Health and Safety Guide:** 57 pages of tips and resources about every step of a trip and how clients can minimize the risks
- **Advisor Protocols Checklist:** Unique tool to guide your documentation of all the health and safety protocols being undertaken by suppliers to help protect your client and their party.
- **Marketing Assets:** The rights to use the Book with Confidence logo and marketing assets such as social media postings, website pages, client emails and videos.

While there is no cost for the program, participating advisors must commit to study the materials, adhere to the guidelines and be ready to advise their clients on what they need to know and expect in this changing travel landscape.

Are you a Frontline Advisor or Independent Contractor and want to participate in Book with Confidence? Your Agency Owner or Administrator must give you permission to participate as a first step. Ask them to review the content on this page about setting up your agency.

Agency Setup is Visible to Main Contacts/Full Admins ONLY

Agency Setup

Book with Confidence is a permission-based program. Agency owners/admins must follow setup steps (approximately 7 minutes long) detailed in the attached Agency Setup Instructions when first deciding to participate.

Owners/admins can add or delete permissions for advisors at any time by visiting the agent permissions page in Agent Profiler: **Manage Agents > Agent Permissions > Book with Confidence > Assign Permissions.**
