

EVERYONE DESERVES A SUITE VIEW

Designed to let the outside in

.....

OPEN-AIR BALCONIES

There's only one point of view on an Avalon Waterways® river cruise—the suite view. Our entire fleet in Europe and Southeast Asia is completely comprised of Suite Ships®, each featuring our Panorama SuitesSM, with the widest opening windows in river cruising, the industry's only Open-Air BalconySM, and an inviting bed facing the ever-changing scenery.

Our signature Suite Ships in Europe feature 200 square-foot, one-of-a-kind Panorama Suites on two full decks, and 245-square-feet of living space on our Suite Ships in Southeast Asia.

Wall-to-wall and floor-to-ceiling, our panoramic windows blur the line between outside and in, yet clearly present a world waiting to be explored. Even if your client is a seasoned traveler, they've never seen, or experienced, the world like this.
